1.1 Will you commit to developing tools for ensuring compliance with the current regulations aimed at protecting the lakes?						
2.1 Would you be prepared to recommend to Council that financial support for LAK in lakes health research be provided again when necessary?						
3.1 Rave parties: Do you commit to consulting with the Lakes Association of Kazabazua on such issues that directly affect its members?						
3.2 Will you commit to clarify the respective roles of the Municipality and of the Sûreté du Québec so that Kazabazua residents know exactly what to expect from them and how to proceed during such events?						

<p>3.3 Given the disruptive nature of these parties, would you be amenable to limiting the number of hosts and the frequency of these events?</p>						
<p>4.1 Public access and consultation with LAK: Will you honour this commitment and continue consulting with the Lakes Association of Kazabazua</p>						
<p>4.2 Do you agree that any proposal to open a site on one of the lakes should receive environmental scrutiny, and if the new Council is able to secure the necessary governmental approvals, will you commit to putting measures in place that will (in adherence with the ABV-7 recommendations) to (protect the lakes)?</p>						
<p>5.1 Will you commit to ensuring that the high-speed internet accessibility program is available to all residents of our region and that the same quality service is provided to all?</p>
