Here is the translation of my answers to the questions

## Questions

1.1: Yes I understand the importance to protect the health of our lakes, and rivers in our region.

We have to make sure that the regulations are observed and respected. I will make sure

that the municipal inspector has all the necessary tools to enforce these regulations

within our capacity as a municipality

2 : Yes, I will recommend that the council support financial aid to the LAK within the financial

capacity of our municipality.

3 : Yes, and to create new bylaws against these events, and make sure that the SQ, and the

M.R.C and the LAK , be notified of these bylaws so that they are rapidly enforced by the

SQ.

3.2 : Yes, by announcing the new bylaws, that the council will pass and inform the SQ, the

M.R.C and LAK.

3.3 : Personally I would try to get council to ban this type of event with a new bylaw.

4.1 : Yes, and supported with studies regarding the health of our lakes, and to have a

public consultation with the LAK, and the owners on the lakes that would be targeted.

4.2 : Yes, and I would seek your approval.

5.1 : Yes, because high speed internet is now a necessity for our region. And it helps bring new

families in our community . I see this as a priority and it will make our region more prosper.
