

Let's Rediscover the Pride of Living in Kazabazua

Gabriel Guertin Candidate for Mayor

Dear Residents,

I have lived in Kazabazua for seventeen years and remain deeply attached to our community. I was trained as a special-education teacher and I was raised in the countryside, I understand the rural realities that shape our daily lives.

Over the years I have heard your concerns: the disappearance of local businesses, the loss of tranquility, accelerated environmental degradation, and the feeling of being left behind while questionable expenses pile up. This situation is no longer acceptable. By

seeking the mayor's office, I intend to halt this decline and give Kazabazua the dynamism, friendliness, and pride it deserves.

I am a good listener, I have concrete solutions, and I am determined to implement them for the long term. If you want positive, tangible change, I am your candidate.

My Qualities

- Initiative, love of challenge, and a bias for action
- Active listening, empathy, and availability
- Rigorous organization and a strong sense of responsibility
- Transparency, honesty, and integrity
- Mobilizing leadership and teamwork skills
- Creativity and innovative thinking
- Solid knowledge of municipal and ministerial legislative frameworks
- Sense of fairness
- Prudent management and long-term vision

My Goals

- Value every citizen: seniors, founding families, farmers, seasonal residents, young families, and people living alone
- Restore, once a year, curbside pickup

for large items as well as for hazardous materials

- Beautify the village and add more floral displays
- Offer varied, high-quality recreational activities
- Launch a financial-assistance program to bring septic systems up to standard and adopt a groundwater-protection policy
- Make Highway 105 safer: lower the speed limit and extend the sidewalks
- Safeguard the environment and our waterways by opposing mining exploration
- Encourage the opening of new neighbourhood businesses
- Ban "raves"
- Create a road-paving plan and improve infrastructure upkeep
- Reinstate question period at the start of every council meeting
- Provide an efficient wash station for boats and watercrafts and ensure compliant access to the water
- Cut waste and optimize municipal financial management

- Secure the maximum government grants to keep taxes low
- Guarantee transparency, give clear answers, and stay accessible to residents
- Respect the bilingual character of our community

- Abolish the cash deposit required when permits are issued
- Apply dust control twice each summer on unpaved roads
- Introduce a business-permit system to shield local companies from unfair competition
- Protect agricultural land
- Catalogue and protect heritage buildings
- Represent our municipality effectively at the MRC and with all relevant ministries

For a better future, vote for Gabriel Guertin.
