

Heather Quinn

(Chamberlain)

Candidate for Seat #2

Municipality of Kazabazua

Background and Experience

- ✓ A Kazabazua resident for 60 years – raised in the municipality, and returned after marriage to build a home and raise my family.
- ✓ My family and I have always been active members of the community – Kazabazua Volunteer Fire Department, United Church, etc. I serve on the governance board for the United Church (church secretary for 20+ years) and the Aylwin Building and Cemetery Committee (for 40+ years).
- ✓ I retired after 30 years of service with the federal government, having worked in various capacities, including administration, special projects, labour relations and senior advisory roles.

My goals, as Councillor

- ✓ Improve communications between the municipality and residents (transparency).
- ✓ Be available to listen to residents' concerns and ensure that every resident has a voice.
- ✓ Improve the organization of the municipality with regard to roads, infrastructure, public safety, etc.
- ✓ Be a team player, by collaborating with council – consult, listen, consider and appropriately respond to the ideas, issues and concerns.
- ✓ Appropriately plan and complete municipal projects (using regional and provincial government grants, when available).
- ✓ Maintain affordable taxes: Expenditure forecasting, budget planning and controlled spending to ensure residents have value for the taxes they pay.
- ✓ Plan for the future by ensuring the municipality is well managed and thrives within the MRC Vallée de la Gatineau.

~ Integrity ~ Respect ~ Transparency ~
