

Louise Schnubb, Candidate for
Councillor

 Candidate Introduction

As someone deeply rooted in this region, I have a strong connection to rural life and share your enduring love for the countryside. I firmly believe our community should be guided and managed by those who live here: taxpayers, local businesses, full-time residents, and cottage owners.

Widowed when my son was only ten, I understand the realities of single parenthood. This life experience shaped me—teaching me resilience, discipline, empathy, and determination. Over the years, I have also taken part in local renovation projects in Kazabazua, proving my teamwork skills, persistence, and readiness to take on challenges.

Living in the Vallée-de-la-Gatineau since 2009 and settling in Kazabazua in June 2020, I have consistently attended every Municipal Council meeting. My commitment is

unwavering, driven by the desire to make a real difference in our community. Today, I want to put my experience, energy, and local knowledge at the service of our municipality. Together, let’s make our voices heard and build a future that reflects who we are—united, responsible, and deeply rooted in our values for ourselves and the generations to come

 My Priorities

- Put the needs of taxpayers first before constantly prioritizing tourism & investments
- Protect access to clean drinking water, lakes, and rivers
- Place citizens and future generations at the heart of our decisions
- Invite talented residents who want to get involved by joining local committees
- Promote affordable housing for seniors, young couples, and low-income families
- Encourage the opening of new businesses to serve residents and attract newcomers
- Reintroduce bulky waste collection services
- Secure all possible government grants to reduce the financial burden of property taxes on local citizens

 Community Safety

- Strengthen police presence around lakes and along Route 105 to reduce speeding and infractions
- Prohibit raves throughout the entire municipality.
- Work with the MRC and the MTQ to extend sidewalks along Route 105 in Kazabazua

 Investments & Development

- Advocate for a fair share of budgets allocated to the Outaouais region and our MRC
- Support environmentally responsible commercial and residential projects
- Prioritize local suppliers and businesses
- Honor founding families while welcoming new residents
- Preserve the peace and quiet that make our village so special
- Partner with government programs so seniors can remain in their homes as long as they wish

 Village Revitalization

- Attract new residents and investors in line with the official land-use plan
- Allow the construction of tiny homes as a housing alternative on smaller lots

 A Concrete Achievement

In 2021, on my own initiative, I prepared a detailed report on the unsafe conditions of Route 105. This months-long work highlighted:

- Excessive speeding and heavy traffic, more suited to a highway than a rural road
- Major safety risks for users
- Unequal infrastructure investment compared to other regions in Québec

Since submitting this report to the MRC, to our local Member of Parliament, and to the Ministry of Transport on August 25, 2021, repair work has been carried out—most notably new paving in our village. Additional projects followed in other municipalities within the MRC.

 Professional Experience

- 15 years in the banking sector
- 6 years with Canada Revenue Agency
- “10 years as director and representative of the Outaouais region, helping parents obtain scholarships for their children.”

 Strengths I Bring to You

- Training in accounting
- Hardworking, resilient, and ready for challenges
- Active listening and teamwork skills
- Integrity and exceptional organizational ability
- Retired, fully available to serve the citizens of Kazabazua
- Strong talent for composing clear, effective documents

 Voting Requirements

To vote, you must:

- Be registered on the electoral list (check and register at 819-467-2852 with the Municipality of Kazabazua)
- Have lived in the municipality and in Québec for at least 6 months
- Be the owner of a property (cottage, rental property, etc.) or operate a business establishment in the municipality for at least 12 months
